Future Days Pearl Jam

If I ever were to lose you I d surely lose myself Everything I have found dear I ve not found by myself Try and sometimes you ll succeed To make this man of me All my stolen missing parts I ve no need for anymore C G I believe And I believe cause I can see Our future days G Days of you and me Back when I was feeling broken I focused on a prayer You came deep as any ocean Did something out there hear? All the complexities and games No one wins but somehow they re still played All the missing crooked hearts They may die but in us they live on C G I believe

And I believe cause I can see

```
G
          F
Our future days
       G C
Days of you and me
                     Am
When hurricanes and cyclones raged
When winds turned dirt to dust
When floods they came or tides they raised
                  G
                     G7
Ever closer became us
C
All the promises at sundown
I ve meant them like the rest
All the demons used to come round
I m grateful now they ve left
So persistent in my ways
Hey Angel I am here to stay
No resistance, no alarms
Please, this is just too good to be gone
C G
I believe
And I believe cause I can see
     G
         F
Our future days
       G
Days of you and me
G
    C
You and me
Days...
You and me
