

Future Days

Pearl Jam

B **E**
If I ever were to lose you
B
I d surely lose myself
E
Everything I have found dear
B
I ve not found by myself
E
Try and sometimes you ll succeed
B
To make this man of me
E
All my stolen missing parts
B
I ve no need for anymore

B **F#**
I believe
E **B**
And I believe cause I can see
F# **E**
Our future days
F# **B**
Days of you and me

B **E**
Back when I was feeling broken
B
I focused on a prayer
E
You came deep as any ocean
B
Did something out there hear?
E
All the complexities and games
B
No one wins but somehow they re still played
E
All the missing crooked hearts
B
They may die but in us they live on

B **F#**
I believe
E **B**
And I believe cause I can see

F# E

Our future days

F# B

Days of you and me

F# G#m

When hurricanes and cyclones raged

F# B

When winds turned dirt to dust

F# G#m

When floods they came or tides they raised

E F# F#7

Ever closer became us

B E

All the promises at sundown

B

I've meant them like the rest

E

All the demons used to come round

B

I'm grateful now they've left

E

So persistent in my ways

B

Hey Angel I am here to stay

E

No resistance, no alarms

B

Please, this is just too good to be gone

B F#

I believe

E B

And I believe cause I can see

F# E

Our future days

F# B

Days of you and me

F# B

You and me

E

Days...

F# B

You and me
