

Future Days

Pearl Jam

D **G**
If I ever were to lose you
D
I d surely lose myself
G
Everything I have found dear
D
I ve not found by myself
G
Try and sometimes you ll succeed
D
To make this man of me
G
All my stolen missing parts
D
I ve no need for anymore

D **A**
I believe
G **D**
And I believe cause I can see
A **G**
Our future days
A **D**
Days of you and me

D **G**
Back when I was feeling broken
D
I focused on a prayer
G
You came deep as any ocean
D
Did something out there hear?
G
All the complexities and games
D
No one wins but somehow they re still played
G
All the missing crooked hearts
D
They may die but in us they live on

D **A**
I believe
G **D**
And I believe cause I can see

A G

Our future days

A D

Days of you and me

A Bm

When hurricanes and cyclones raged

A D

When winds turned dirt to dust

A Bm

When floods they came or tides they raised

G A A7

Ever closer became us

D G

All the promises at sundown

D

I've meant them like the rest

G

All the demons used to come round

D

I'm grateful now they've left

G

So persistent in my ways

D

Hey Angel I am here to stay

G

No resistance, no alarms

D

Please, this is just too good to be gone

D A

I believe

G D

And I believe cause I can see

A G

Our future days

A D

Days of you and me

A D

You and me

G

Days...

A D

You and me
