[Intro] G Em D Em C
G Em D Em C

G Em
Once divided
D Em C
Nothing left to subtract
G Em
Some words when spoken
D Em C
Can t be taken back
G Em
Walks on his own
D Em C
With thoughts he can t help thinking
G Em
Future s above
D Em C Em
But in the past he s slow and sinking
C D
Caught a bolt of lightning
C Em C D
Cursed the day he let it go

G C D
Nothingman, nothingman
G C D
Isn t it something? Nothingman

G Em
She once believed
D Em C
In every story he had to tell
G Em
One day she stiffened
D Em C
Took the other side
G Em
Empty stares
D Em C
From each corner of a shared prison cell
G Em
One just escapes
D Em C Em
One s left inside the well
C D
And he who forgets

Will be destined to remember

Nothingman, nothingman

Isn't it something? Nothingman

Oh, she don't want him

Oh, she won't feed him

After he's flown away

Oh, into the sun

Yeah into the sun

Burn, burn, burn, burn

Nothingman, nothingman

Isn't it something? Nothingman

Nothingman, nothingman

Coulda been something, nothingman
