Initiatives are taken up  
By the middle,  
there ain t gonna be any middle any more  
And the cross I m bearing home  
Ain t indicative of my place

Hear my name,  
take a good look  
This could be the day

Hold my hand,  
lie beside me

I just need to say

I could not take a

just one day

I know when I would not ever touch you

Hold you...feel you...in my arms...never again...

Yeah...
