With a baby in her hand
E **D C**
Under an old street light
E **D C**
Near a garbage can
E
Now she puts the kid away,

D **C**
and she s gone to get a hit

E
She hates her life,

D **C**
and what she s done to it

E
There s one more kid

D **C**
that will never go to school

E
Never get to fall in love,

D **C**
never get to be cool.

We got a thousand points of light

E **D C**
For the homeless man

E
We got a kinder, gentler,

D **C**
Machine gun hand

E
We got department stores

D **C**
and toilet paper

E
Got styrofoam boxes

D **C**
for the ozone layer

E
Got a man of the people,

D **C**
says keep hope alive

E
Got fuel to burn,

D **C**
got roads to drive.
