**I'm Going To The City**
**Pearls Before Swine**

```
A           C
I am going to the city
Em               A
Gonna leave my footprints
                    Em
On the paths of glory
            C
When I get there
          Em
I m gonna sing my song

G               F
Fourteen angels gonna greet me
G               F
Fourteen people gonna wonder why
G               F
Fourteen people gonna cry out their eyes
C                       E
I m gonna leave  em all behind

A           C
I am going to the city
Em               A
It s so far away
                  Em
So close at hand
          C
When I get there
          Em
I m gonna sing my song

G                 F
Fourteen angels gonna greet me
G               F
Fourteen people gonna wonder why
G                 F
Fourteen people gonna cry out their eyes
C                       E
I m gonna leave  em all behind
```
