

**While Were Young Acoustic**  
**Pegasus Bridge**

This is the tab for the acoustic recording of this song as shown on this youtube link:

<http://www.youtube.com/watch?v=erN03Ql-V-8>

NOTE: It is different to the tab for the original. Ed uses a capo on 3rd in the original

but no capo in this version. I ll post a guitar pro for the original when I ve finished, along with most of their other songs so watch this space!

I ll just give the chord s tab and you can work out the rhythm/picking as it s quite unique. Essentially, it is down stroke on the E note then upstroke on the chord.

Intro/Verse/Chorus

```

E |-----10-----10-----|
B |----8-----10-----8-----|
G |----0-----0-----0-----|
D |----0-----0-----|
A |----7-----7-----|
E |--0-----10-----8-----|

```

Mid 8

```

E |-----| |-----10-----10-----|
B |----1-----1-----| |-----8-----10-----|
G |----2-----0-----0-----| |-----|
D |----2-----2-----0-----0-----| X2 |-----|
A |----3-----2-----2-----| |-----7-----|
E |----3-----2-----| |--0--0-----11--11--11-----|

```

Hope this is accurate enough for everyone, remember, watch out for FULL guitar pro tabs
