

**Hold Your Colour  
Pendulum**

starts just before the chorus

```
G|-----|
D|-----|
A|-----|
E|-33333--111--33333---|
```

repeat as many times as necessary

from here on I won't write the number of times you play each note, as they are played so often that it would take up too much room. You can hear how many times you play note if you listen to the song.

chorus + verse:

```
G|-----|
D|-----|
A|-----|
E|-3--1--3--1--6--8--1-
```
