Tuning: EADG

Main Riff

I think it comes in around the 1.06 mark.

```

G|-----|
D|-----|
A|-----7-8-7-----7-7-----7-8-7-----7-7-----8-----|
E|7-10-----10-----10-5-7-----7-10-----10-----10--7-----|

```

Secondary bit

```

G|-----|
D|-----|
A|-----7-7-----7-8-10-----|
E|7---7-5-7--10~10~-7--10-----10-----|

```

I really am not too sure on the order of it and whether or not it is all there, but what in the main riff and and in the secondary bit sounds good when played with the on fellow bassmen.
pleeeeeeeeeeease rate, cheers.
