Society

Society, We all know there s something wrong and we know it all along
Sincerity, You may think there s no one else till they put you on a shelf
Society, Pay your taxes stand in line help them plan for your demise

Society, Crush the weak to get your share cause nobody s playing fair

And no one cares

How long you pray makes no difference today

When your society devices how you ll pay

When finding the truth makes no difference to you

Anyway you look at it you re gone get screwed

You loose

Society, No one here can get along cause our history s to long

Sincerity, Think you re going with the flow but you never really know

Society, To all the leaders it s a game and it s making you insane

Society, Data patterns are supplied proof tap back up all the lies

We re hardly alive.
