Am - Dm - Em

verse two (same as the first one)

Outside the dawn is breaking, looks like it s started raining

We ll catch a cab and soon be driving home

No need to look so shy, don t even wonder why

You ll know the reason just as soon as we get home

You ve been sitting there wondering what to do

I ve been standing here waiting to make the first move

Chorus:

I don t want another drink or fight

I want a lover

I don t care whether it s wrong or right

I want a lover tonight
I don t want another drink or fight
I want a lover
I don t care whether it s wrong or right
I want a lover tonight
Tonight

verse three (same as the first one):
This anticipation is a stimulation
No need for conversation as we re driving home
Put your arms around me, it doesn t mean you love me
just that you want me and you need my company
Driving through the night, it s so exciting
Turning off the light without another thought tonight

Chorus:
I don t want another drink or fight
I want a lover
I don t care whether it s wrong or right
I want a lover tonight (I want a lover tonight)
I don t want another drink or fight
I want a lover
I don t care whether it s wrong or right
I want a lover tonight
Tonight
