Am - Dm - Em

verse two (same as the first one)

Outside the dawn is breaking, looks like it s started raining

We ll catch a cab and soon be driving home

No need to look so shy, don t even wonder why

You ll know the reason just as soon as we get home

You ve been sitting there wondering what to do

I ve been standing here waiting to make the first move

Chorus:

I don t want another drink or fight

I want a lover

I don t care whether it s wrong or right

I want a lover tonight
I don't want another drink or fight
I want a lover
I don't care whether it's wrong or right
I want a lover tonight
Tonight

verse three (same as the first one):

This anticipation is a stimulation
No need for conversation as we're driving home
Put your arms around me, it doesn't mean you love me
just that you want me and you need my company
Driving through the night, it's so exciting
Turning off the light without another thought tonight

Chorus:

I don't want another drink or fight
I want a lover
I don't care whether it's wrong or right
I want a lover tonight (I want a lover tonight)
I don't want another drink or fight
I want a lover
I don't care whether it's wrong or right
I want a lover tonight
Tonight
