F **C** **G**
As far as you know, you will make the distance
Am **G** **F**
Even if everything is falling down,
C
But don t lose that vision
G
And don t lose your courage
Am **G** **F**
Until you are standing right here with me now

C **G** **Am** **F**
I want you, to stand up and fight every moment with me
C **G**
For the truth, it s your love
Am **F**
Your destiny that I see
C **G** **Am** **F**
In my shoes, so tell me when do you wanna be free?
C **G**
Only you can tell me

F **C** **G**
And high on emotion, has been a killer for days
Am **G** **F**
It s wearing you out until you slowly fade
C **G**
Where is that needle, or that damaging blade
Am **G** **F**
It s cutting you up until it empties your gauge

I want you, to stand up and fight every moment with me
For the truth, it s your love
Your destiny that I see
In my shoes, so tell me when do you wanna be free?
Only you can tell me

Hold on, hold that tight
Colors on or color blind
Talking how sweet the ride
Dumb is gone into your life

I, I want you, to stand up and fight every moment with me
For the truth, it s your love
Your destiny that I see
In my shoes, so tell me when do you wanna be free?
Only you can tell me
When do you wanna be
I, I want you, to stand up and fight every moment with me
For the truth, it s your love
Your destiny that I see
In my shoes, so tell me when do you wanna be free?
When do you wanna be free?
When do you wanna be free?
When do you wanna be free?
When do you wanna be free?
