

**Seen Better Days**

**Pete Murray**

**F C**  
And I saw it coming  
**Em Am**  
I saw emptiness and tragedy  
**F C**  
And I felt like running  
**Em**  
So far away  
**F**  
Then knew I had to stay  
**C**  
And I know Iâ€™m older  
**Em Am**  
I look back and I still feel the pain  
**F C Em**  
I know Iâ€™ll be stronger and I know Iâ€™ll be fine  
**C Em Am**  
For the rest of my days

Chorus

**F C Em Am**  
Iâ€™ve seen better days  
**F C Em Am**  
Put my face in my hands  
**F C Em Am**  
Get down on my knees and I pray to God  
**F C Em-----Am**  
Hope he sees me through to the en-----d

**F C**  
I notice most things  
**Em Am**  
But I didnâ€™t notice the change  
**F C**  
It was hot in the morning  
**Em**  
Then it turned so cold  
**F**  
Towards the end of the day  
**C**  
There was no conversation  
**Em Am**  
I just felt like I was in space  
**F C**  
I needed my friends there

**Em**

I just turned around

**C Em Am**

You were gone without a trace

Chorus x 1

(Single strum this first section)

**F C**

Now I have just started

**Em Am**

And I wandered on to the end

**F C**

There's nothing I have lost

**Em** (strum)

That was once placed upon my hands

**F C**

And all of these hard times

**Em Am**

There fading around the bend

**F C**

And now that I'm wiser

**Em C Em Am**

I cannot wait till I can help my friends

Chorus x 2

**F C Em Am F**

Seen better Na Na Na Na Na Na Na

**C Em Am F**

Na Na Na Na Na Na Na

**C Em Am F**

Na Na Na Na Na Na Na

**C Em Am F**

Na Na Na Na Na Na Na
