Sleeping dog by the open fire, you re sleeping your life away
You don t know how far you got to go or the trouble that you ll have to face

| G A | D G6/B D | G A | D G6/B D

Yet all I can do is love you, provide you with some fun and food

| G A | D G6/B D | G A | D G6/B D | D G6/B D |

All I can do is love you, and that is what I do

Sleeping children laying in your beds, tomorrow you ll be back at school
You look so young, but you come so far, you ll never be any soul s fool

All I can do is love you, provide you with some fun and food

All I can do is love you, and that is what I do

[interlude - you can use the chords from the verse]

All I can do is love you, provide you with some fun and food

All I can do is love you, and that is what I do

Now, I m going up to my wife, Baba, I pray to you

Love me just a little like I love them, and I can do some sleeping, too

All I can do is love you, provide you with a song

All I can do is love you like you ve been loving me all along

All I can do is love you, provide you with a verse or two

All I can do is love you, and that is what I do
