

## Strange Condition

Pete Yorn

[Chords]

A: 002220      C: x32010  
F#m: 244222    Am: x02210  
D: x00232      E: 022100  
Em: 022000     C#m: x46654  
Bm: x24432     G: 320033

[Verse]

A                      F#m  
Read me the letter, baby  
D                                      A  
do not leave out the words  
                         F#m                                      D                                      A  
Stories and cigarettes ruined lives of lesser girls  
                         E                                      D                                      A  
and I wanna know, ?cos I want you to know  
                         C#m                                      D                                      C#m                                      D  
and it?s a strange condition, a day in prison  
                         C#m                                      D                                      Bm                                      E  
it?s got me out of my head and I don?t know what I came for  
G                                      Em                                      C                                      G  
Send me the money, baby, do not leave the wage  
Em                                      C                                      G  
You know you?re the best thing ever to come out of this place  
D                                      C                                      G  
hey I want you to know, ?cos I wanna know  
                         Bm                                      C                                      Bm                                      C  
and it?s a strange condition, a day in prison  
                         Bm                                      C                                      Bm  
it?s got me out of my head and I don?t know what I came for  
Am                                      D                                      C  
I want you to know  
G                      Em                      C                      G                      Em                      C                      G                      D  
                         Bm                                      C                                      Bm                                      C  
and it?s a strange condition, a day in prison  
                         Bm                                      C                                      Bm  
it?s got me out of my head and I don?t know what I came for  
Am                                      D                                      C                                      D  
I want you to know, I want you to know  
                         G                                      Em                                      C                                      G  
so leave out the others, baby, say I?m the only one  
Em                                      C                                      G  
cut out the uniforms and settle with the sun  
D                                      C                                      G  
hey I want you to know, ?cos I wanna know  
                         Bm                                      C                                      Bm                                      C  
and it?s a strange condition, a day in prison
