Intro:

**C Am Em** x4

**C** **Am Em**

Relax my hands on the table.

**C** **Am** **Em** **C**

Uncurl my fingers to reveal superficial indentations.

**Am** **Em**

Crescent moon shapes mark the surface of my palms,

**C** **Am** **Em** **C**

It s twilight: your shadows lurking over again.

**Am** **Em** **C** **Am Em**

your shadows lurking over again.

**C Am Em** x2

**C** **Am Em**

Try to hinder foolish pride

**C** **Am**

From shooting out my mouth like a gust of wind

**Em** **C**

And blowing out your light.

**Am Em**

All I want is you to shine.

**C** **Am Em**

And I ll wait here with you until sunrise. x4

**C** **Am Em**

I am blinded by your light,

**C** **Am** **Em**

Your dark shadows always lurking behind you. x2

**C** **Am Em**

And I ll wait here with you until sunrise. x4
