I could never understand a single word the captain said
I could never love a girl who wasn't crazy in the head
I could never be a farmer cause I don't get out of bed
Until the sun goes down
Sun goes down

We rule the world

Some people, they're born about as white as you can be
And other people have to work twice as hard, like me
And then some people, like you, gonna die without a clue
And that's the way it is, old friend
That's the way it's gonna be

We rule the world.
