

**Bottle Rocket Song**  
**Peter and the Wolf**

[C]

Last night I shot a bottle rocket

[F]

Into the sky

[C]

Just to watch it fly

Drank till I fell right off the swingset

Midnight in the park

I love you, makers mark

[G]

And if you want to get to know me

[F]

You better shut your eyes

[C]

Cause this face don t tell my story

And this body will lead us in the wrong direction.
