

People Of The Night  
Peter and the Wolf

**Em**                    **G**                    **C/Gish**                    **A**  
 For those who see without their sight  
**Em**                    **G**                    **C/Gish**                    **A**  
 Those who love the dragon s bite  
                  **G**    **Bish**                    **F**                    **C**  
 They lay awake by lantern light  
**Bish**                    **C**  
 Lonely people of the night

**Em** **C/Gish** x4  
 Aaaooooohhh

**Em**                                    **G**                                    **C/Gish**                                    **A**  
 If you ve never seen the way the moon comes up over the bay  
**Em**                                    **G**                                    **C/Gish**                                    **A**  
 Darling. you will never understand a single word I m trying to say  
                  **Em**                                    **G**                                    **C/Gish**    **F**  
 I ve given up on finding love among the human race  
                  **Bish**  
 I want you alien, I want you alien  
                  **C**  
 To cross into my bed at night to say...

**Em**                    **C/Gish**  
 Aaaooooohhh
