

**This Kid I Knew**  
**Peter and the Wolf**

I figured I d try and work out this song, it s pretty basic, just put a capo on the 1st fret, if someone can do a better version, by all means do so, this is just to help anyone looking.

**D** **G**  
This kid that I knew  
**D** **G**  
Got tired of school  
**D** **G** **C**  
One day he just walked outta there  
**D** **G**  
I m not trying to sound dramatic  
**D** **G**  
Plannin wasn t his habit  
**D** **G** **C**  
He didn t even take his wallet, I swear

I lived in LA, he starred in New York  
One night he showed up at my door  
He said, when I was soft, I had a similar loft  
But I don t live nowhere no more

**D** **G**  
I had seen her deserts, my friends  
**C** **G** **D**  
Her canyons, her oceans, her mountains  
**D** **G**  
Low flying owl seems to appear  
**C** **G** **D**  
Whenever I m stuck on the road

**D** **G** **C** **D** **G** **C**  
But most of all I loved her highways  
**D** **G** **D** **G**  
It s true we were homeless. but the world it was ours  
**D** **G** **C**  
One change of clothes, camped out in the boxcars  
**D** **G** **D** **G**  
I saw the sky touching earth on all sides  
**D** **G** **C**  
I saw red lightnin in the distance

... and repeat, hopefully you get the idea!
