**F#** **Ebm**  
Please put Chastity s books and magazines away

**Bbm**  
Cause they don t move me no more

**F#** **Ebm**  
They don t move me no more

**Bbm**  
Put them all away

**F#**  
Forget photos and letters

**Ebm**  
All the people that matter

**Bbm**  
They don t move me no more

**F#** **Ebm**  
You don t move me no more

**Bbm**  
And you re no longer mine

**F#**  
It s suprising how rapidly

**Ebm**  
We were changing from you and me

**F#**  
No matter how you count, oh no

**Ebm**  
It will go to show

Chorus:

**Bbm** **C#**  
When history is done

**G#** **Fm**  
And everything is over

**Bbm**    **C#**  
Just to keep us warm  
                  **G#**        **Fm**  
It s slowly getting colder  
                  **F#**        **G#**  
There s nothing to explain  
                  **F#**        **G#**  
It s hard to stay the same  
                  **F#**        **Ebm**  
History is done  
                  **Bbm**    (Riff)  
And everything is gone

**F#**  
Early morning, and late night  
                  **Ebm**  
Going over the same fight  
                  **Bbm**  
Don t move me no more  
                  **F#**        **Ebm**  
You don t move me no more  
                  **Bbm**  
And I don t even mind

**F#**  
All these things I keep  
                  **Ebm**  
Without caring too deep  
                  **Bbm**  
Gonna put it to sleep  
                  **F#**        **Ebm**  
I can run much faster  
                  **Bbm**  
When nothing wears me down

**F#**  
He can change what it s been before  
                  **Ebm**  
It s erased and you can t restore  
                  **F#**  
Let the screen stay black, go go  
                  **Ebm**  
I don t want it back

Chorus

**Bbm**  
Everything is gone  
Everything is gone  
Everything is gone  
Everything is gone
