

**Full Moon Song**  
**Peter Bradley Adams**

1. Strophe

**G**  
There is a moon rising slowly through the trees  
**E**  
There is a moon shining bright upon my feet  
**C** **G**  
And tonight the dogs are coming to capture me  
**G**  
Now I am standing in the wake of forty years  
**E**  
And from this prison I have broken free and clear  
**C**  
And I am praying that the morning  
**G**  
wont catch me here

Chorus

**E** **C** **G**  
I want to live like a kid with holes in his boots  
**E** **C** **G**  
I want to climb like a child in a tree  
**E** **C** **G**  
I want to love like the man with nothing to lose  
**F** **C**  
I want to die with my heart on my sleeve

2. Strophe

**G**  
I will forget about the things that I have done  
**E**  
I will forget about the years out on the run  
**C** **G**  
And dream of every woman I have ever loved  
**G**  
Cause I know I was not the only guilty man  
**E**  
Just the one who worked the blood on his hands  
**C**  
And tonight Iam gonna find me  
**G**  
a second chance

Chorus

**E C G**  
I want to live like a kid with holes in his boots  
**E C G**  
I want to climb like a child in a tree  
**E C G**  
I want to love like the man with nothing to lose  
**F C**  
I want to die with my heart on my sleeve

3. Strophe

**G**  
Now the moon has risen straight across the sky  
**E**  
Better move along cause they ain't far behind  
**C G**  
Come morning I will be crossing the next state line  
**G**  
And I will walk upon the land that I will own  
**E**  
And I will build a place that I can call my home  
**C G**  
And I will still be singing when I get old

Chorus

**E C G**  
I want to live like a kid with holes in his boots  
**E C G**  
I want to climb like a child in a tree  
**E C G**  
I want to love like the man with nothing to lose  
**F C**  
I want to die with my heart on my sleeve

**E C G**  
I want to live like a kid with holes in his boots  
**E C G**  
I want to climb like a child in a tree  
**E C G**  
I want to love like the man with nothing to lose  
**F C**  
I want to die with my heart on my sleeve  
**F C**  
I want to die with my heart on my sleeve
