

# I May Not Let Go

Peter Bradley Adams

This is my first time submitting a song. I hope it works for y all! It s a beautiful piece.

Intro: **F C F C**

**F C**  
I want to walk beside you

**F C**  
But the wind s too heavy

**F C**  
Now I m trying to find you

**F C**  
And the road is long

**F C**  
I m on a dried up river

**F C**  
Beside a broke down levee

**F C**  
I ve got nothing to give you

**F C**  
But a lonesome song

**F C**  
Just a little bit worn out

**F C**  
Just a little bit bitter

**F C**  
I gotta let my guard down

**F C**  
I gotta loosen my grip

**F C**  
I hear these voices

**F C**  
They don t sound familiar

**F C**  
Making all of these choices

**F C**  
Taking all these trips

**G Am**  
If I hold you tonight

**F C**  
I may not let go

**F C**  
Now it s come a long way

**F**                  **C**  
And my heart feels older  
                  **F**                  **C**  
And I feel that shiver  
                  **F**                  **C**  
Running down my spine

**F**                  **C**  
And the ground is frozen  
                  **F**                  **C**  
And the air is colder  
                  **F**                  **C**  
But my heart is open  
                  **F**                  **C**  
Beating out of time

**G**                  **Am**  
And if I hold you tonight  
                  **F**                  **C**  
I may not let go  
                  **G**                  **Am**  
And if I hold you tonight  
                  **F**                  **C**  
I may not let go

**G/// Am/// F/ C///**

**Em**                  **G**                  **F**

**Em**                  **G**                  **F**                  **C**  
Tell me you ll see me tonight

**F**                  **C**  
Old train keeps rolling  
                  **F**                  **C**  
Nowhere bound  
                  **F**                  **C**  
I hear the whistle blowing  
                  **F**                  **C**  
Such a lonely sound

**G**  **Am**  
And if I hold you tonight  
                  **F**                  **C**  
I may not let go  
                  **G**                  **Am**  
And if I hold you tonight  
                  **F**                  **C**  
I may not let go  
                  **G**                  **Am**  
Oh and if I hold you tonight  
                  **F**                  **C**  
I may not let go
