

I May Not Let Go
Peter Bradley Adams

This is my first time submitting a song. I hope it works for y all! It s a beautiful piece.

Intro: **F C F C**
F C
I want to walk beside you
F C
But the wind s too heavy
F C
Now I m trying to find you
F C
And the road is long

F C
I m on a dried up river
F C
Beside a broke down levee
F C
I ve got nothing to give you
F C
But a lonesome song

F C
Just a little bit worn out
F C
Just a little bit bitter
F C
I gotta let my guard down
F C
I gotta loosen my grip

F C
I hear these voices
F C
They don t sound familiar
F C
Making all of these choices
F C
Taking all these trips

G Am
If I hold you tonight
F C
I may not let go

F C
Now it s come a long way

And my heart feels older

And I feel that shiver

Running down my spine

And the ground is frozen

And the air is colder

But my heart is open

Beating out of time

And if I hold you tonight

I may not let go

And if I hold you tonight

I may not let go

G/// Am/// F/ C///

Show me the place I can hide

Tell me you ll see me tonight

Old train keeps rolling

Nowhere bound

I hear the whistle blowing

Such a lonely sound

And if I hold you tonight

I may not let go

And if I hold you tonight

I may not let go

Oh and if I hold you tonight

I may not let go
