Capo 3

Intro/Verses: ||: **C F Am G** :||

When the rain set in
We had nowhere left to go
So we just stayed in bed
While the thunder rolled
There s a comfort in the rain,
One that lovers only know
So we lay hand in hand
While the water rose

(Repeat Intro)

Every season will turn
Til the world is upside down
Rivers overflow
Then go underground
But in the eye of the storm,
In the safety of this house
We lay hand in hand
While the world turns wrong

Chorus:

F **Am**
So keep us
F **Am**
And keep us
F **C/E**
And keep us
 G
From the storm

(Repeat Intro)

There s a lesson in the rain
That change will always come
Let us ride this wave
And then greet the sun
And though the ground may shake

And we ll think we ve had enough
We must raise our flags
For the ones we love.

(Repeat Chorus x2)
