Eb **G#/D**
See that little hill on the side of the town
Bb/D **Bbsus2**
Go on up and climb it and turn back around
D/Eb **G#/Ebsus2**
Catch your breath and miles and miles of fields
Bb/D **Bbsus2**
And you feel safe there

Eb **G#/D**
And there alone you kneal and you feel indeed
Bb/D **Bbsus2**
You wanna go and help every sould that you see
D/Eb **G#/Ebsus2**
You wanna go and share what you know inside
Bb/D **Bbsus2**
And show you love him

D/Eb **G#/Ebsus2** **Bb/D** **Eb**
Out beyond this home so dear
D/Eb **G#/Ebsus2** **Bb/D** **Eb**
Theres another call I hear

Eb **G#/D** **Bb/D**
And the rivers turn to sea
Bbsus2 **Eb**
And the stars smile back at me
G#/D **Bb/D**
And little butterflies inside now
Bbsus2 **D/Eb**
And a hope that I m coming back

Now I remember days when you laughed so hard
We walked along the roads in the counrty so far

I remember children and sounds in the street
And we belong there

And then the broken man in his house one day
He said he wasn't sure if he knew how to pray
Then he tried and said what's in his heart
So pure and easy

Slowly turn around and see
There's a part of them in me

Now the birds are flying home
To the hills above the storm
And I know that I should follow
But it's hard to say goodbye

And the river turns to sea
And the stars smile back at me
And little butterflies are gone now
But it's time I'm coming back now
I'm coming back now
I'm coming back now
I'm coming home

I actually figured this one out all by myself, But I hope it's right.
