Intro chords: **F Bb C F Bb C**

VERSE:

**F**  
Night falls on the city, finds me all alone.

**Bb** **C**  
Makes me wonder, should just go on home.

**F**  
And I walk on up the stairs to see if you still there,

**Bb** **C**  
would you mind if I found you alone?

**Bb C F**  
Then a cold wind came calling,

**Bb C F**  
strange how it knew me by name.

**F**  
say the night will fade, but the painâ€™s gonna stay,

**Bb** **C**  
makes me wonder, have you ever made love to me?

CHORUS:

**F** **Bb**  
I can t stop the rain,

**C** **F**  
here it comes again.

**Bb**  
Lightning,

**C** **F**  
strikes across the sky.

**Bb** **G**  
I can't stop the rain,

**F** **Bb**  
here it comes again.

**C**  
Lightning,

**Bb C F**  
only blinds my eyes.

VERSE:

**F**  
Ain't it sad when the only love I ever had,

**Bb** **C**  
Just slips away, right through my fingers.

**F**  
Ain't it a shame when I think of your name,

**Bb** **C**  
the only memory I have is of you

CHORUS:

**F** **Bb**  
I can't stop the rain,

**C** **F**  
here it comes again.

**Bb**  
Lightning,

**C** **F**  
strikes across the sky.

**Bb** **G**  
I can't stop the rain,

**F** **Bb**  
here it comes again.

**C**  
It takes a witch,  
('cause lightning)

**Bb C F**

to curse that God damn sky.  
(only blinds my eyesâ€|)

REPEAT AND FADEâ€|
