C5

Hey!

G5

Arms of the ocean reach out for you

F5 **E5**

Rusty pipes, can't help calling for you too

C5

The brine is finer than wine

G5

But be careful not to drink too much

F5 **E5**

Cause there are remains, on the bottom of that cup

Am **D**

If you feel you've had enough, of that salty stuff

G **C**

I'm on the beach, reading a book

Am **D**

Lost in a page, lost for an age

G **C**

I can be your bonfire, and you can be my ship out at sea

C5

Look!

G5

I m not after your charity

F5

E5

And my dear, I don t want you pleased with yourself

C5

What is that feeling of pride, when you

G5

Throw your coin in a beggars cap?

F5

E5

Selfless acts are quite selfish when you think about em like that.

Am

D

But I ve been thinking of you, and how to improve

G

C

Cause I m in a fix, your heart is a tool

Am

I m someone who s close

D

Could be me right? Who knows?

G

C

You could be my handout, and I ll be your good deed for the day

G#7

D#7

I want a puzzle I don t have to be

G#7

D#7

A watch I don t have to wind (yeah)

C#5

G#

A#

I really wanna find your missing piece, and make you mine

C#

C5

All mine, all mine!

Am

So if you re hopeless and beat

D

Lower than your feet

G

C

Or up to your neck, or down on your knees

Am

In way too deep

D

You re out of ideas

G

C

I can be your brainchild, if you promise to take care of me. (woah)

G

C

I could be your bonfire, and you could be my ship out at sea (one more time!)

G

C

I can be your boyfriend, and you can pretend not to know me!
