

Waiting For The Axe To Fall
Phideaux

Capo 3rd fret

Verse 2 & 3 are just the same as the first one. Enjoy playing!

Em **C** **Am** **Em**
Waiting for the axe to fall
Em **C** **Am** **Em**
You might stumble, you might crawl
Em **C** **Am** **Em**
Don't go any faster, it catches up to you
Em **C**
It will pull you down
Am **Em** **D** **C**
Because of what you know
 Em
It's true

Instr transition: **A G A Em**

You might be the sum of all
Scratching through the firewall
Don't go any further stranded out alone
I pray for you now
Be careful of your own

Instr: **E, Em, Am, E**

Waiting for the ice to thaw
This collapse awaits us all
Don't come any closer
It's what you're meant to do
Follow me out
We might just make it through
