

Only You Know And I Know
Phil Collins

Main groove :

(**Db Ab Db Eb**)

We know you really only wanna hear
The things we like to say
But if I said to you please don t do it
You do it anyway
Sometimes I know, we gotta be cruel
Be cruel to be kind
When I ask you, what you see in me
You say our love is blind

Abm Db Abm7 Db

Cos only you know and I know

Abm Db Abm7 Db

The things we mean to say
Only you know and I know
The things we mean to say

Whenever I think I know you better
Better than I know myself
I open up and give you everything
Then you say, O K what else?
And when I run away you always cry
You always over react
But I don t know if you know how you really feel
But you better know before I get back

Cos only you know and I know
The things we mean to say
Only you know and I know
The things we mean to say
