

We Fly So Close
Phil Collins

F C Gm Dm }x2

Dm F Gm C }x2

Dm My harbour lights are fading fast, soon they ll disappear
F Alone I sit in darkness hoping someone might come near
Gm Though I wait, though I try, no one ever comes
C And the feelings that I have flood over me, the river starts to run

Chorus:

Dm C Bb Bb C
We fly so close }x2

Dm C Bb Bb
Sometimes we fly too close

Every place you run to, everywhere you turn
There are places that you know you should not go, but some bridges just won t
burn
All my life, though I try I cannot change the past
And the ghosts that come back to haunt you make you realise at last

Chorus.

F C Gm Dm }x2
We fly too close

My heart is racing much faster now, life passes before my eyes
Something s I see, they make me smile, something s they make me cry
So I look, so I try to find a lesson I can learn
The passing of time hasn t changed my mind and the ghosts I know return

You know..

Chorus.

F C Gm Dm }x2
We fly too close

Oh we fly so close, you and I sometimes
Sometimes we fly so close, we ll never know how many times
Oh we fly so close

Dm F Gm C }x2
We fly so close
