

**You Can't Hurry Love**  
**Phil Collins**

          G                  C                  G  
I need love, love to ease my mind  
                  Bm          Em                  Am  
and I need to find time, someone to call mine.  
          D7sus D7  
My Mama said:

          G                                  C                  G  
You can t hurry love no you just have to wait.  
                  Bm                  Em                  Am          D7  
She said: Love don t come easy, but it s a game of give and take.  
          G                                  C                  G  
You can t hurry love. No you ll just have to wait.  
                  Bm          Em                  Am          D7sus  D7  
Just trust on a good time, no matter how long it takes.

          Bm  
How many heartaches must I stand,  
                  Em  
before I find the love to let me live again.  
                  C  
Right now the only thing, that keeps me hangin on,  
                  D7                                  C                                  D7sus- D7  
when I feel my strength, oh it s almost gone, I remember Mama said:

          G                                  C                  G  
You can t hurry love no you just have to wait.  
                  Bm                  Em                  Am          D7  
She said: Love don t come easy, but it s a game of give and take.  
          G                                  C                  G  
How long must I wait? How much more must I take,  
                  Bm  Em                  Am                  D7sus- D7  
before loneliness will cause my heart, heart to break?

          Bm  
No I can t bear to live my life alone.  
                  Em  
I grow impatient for a love to call my own.  
                  C  
But when I feel that I, I can t go on.  
                  D7                                  C                                  D7sus- D7  
Well these Precious words keep me hangin on, I remember Mama said:

          G                                  C                  G  
You can t hurry love no you just have to wait.  
                  Bm                  Em                  Am          D7

G C G

Bm Em Am D7  
for some tender arms to hold me tight.

I keep waiting, oh till that say,

If you hang in long enough, you'll do it

Just hang in long enough

You're down on the ground, or so you say

You'd sell the hole in your pocket, if you could find a way

Don't ask me how I know, you don't wanna hear

It's been a long hard road, and the end is getting near.

You never thought you'd ever get the chance

You never thought your break would come along

If you tell me what you want, I'll find the key

Just reach out and touch it's all yours

If you hang in...

And make him drink

.  
Db/Eb.....Ab/Eb....Eb.....Db/Ab  
No matter what you say, it never gets any better  
No matter what you do, we never see any change  
People living without rights  
Without their dignity  
How loud does one man have to shout  
To earn his right to be free  
You can keep your toy soldiers  
To segregate the black and white  
But when the dust settles  
And the blood stops running  
How do you sleep at night?  
No matter what you say...  
What makes you so high and mighty  
What makes you so qualified  
You can sit there and say  
How many have their freedom  
But how many more have died  
You decide to sit in judgement  
Trying to play God yourself  
Someday soon the buck is gonna stop  
Stop with you and noone else

No matter...

All Of My Life

All of my life, I've been searching

All of my life.

All of my life, I've been saying sorry

For the things I know I should have done

All the things I could have said come back to me

Sometimes I wish that it had just begun

Seems I'm always that little too late

All of my life

.

F.....C/E.....G/D

Set 'em up, I'll take a drink with you

Pull up a chair, I think I'll stay

Set 'em up, cos I'm going nowhere

.

.....Am7.....Bm7

There's too much I need to remember,

.

.....Cadd9.....Csus2

and there's too much I need to say

All of my life, I've been looking  
But it's hard to find the way  
Reaching past the goal in front of me  
While what's important just slips away  
It doesn't come back but I'll be looking  
All of my life  
Set 'em up...  
All of my life, there have been regrets  
That I didn't do all I could  
Making records upstairs, while he watched TV  
I didn't spend the time I should  
It's a memory I will live with  
All of my life.

Gm7.....Fm7  
but you might lose your strength on the way  
Sometimes you may feel you're the only one  
Cos all the things you thought were safe, now they're gone  
But you won't be alone, I'll be here to carry you along  
. .  
Gm7.....Fm7  
Watching you 'til all your work is done  
When you find your heart, you'd better run with it  
Cos when she comes along, she could be breaking it  
No there's nothing wrong, you're learning to be strong  
Don't look back  
She may soon be gone, no don't look back  
She's not the only one, remember that  
If your heart is beating fast, then you know she's right  
If you don't know what to say, well, that's all right  
You don't know what to do?  
Remember she is just as scared as you  
Don't be shy, even when it hurts to say  
Remember, you're gonna get hurt someday, anyway  
Then you must lift your head, keep it there  
Remember what I said  
I'll always be with you don't forget  
Just look over your shoulder I'll be there.  
If you look behind you, I will be there.

Am7.....Fmaj7

If your footsteps get too faint to hear, I ll go

.

.....G.....F

Cos you know, questions are never that easy

.

G.....F

And never the same

.

G.....F

You have the answer believe me

.

G.....F

If you have the faith

Find a way to my heart...

Time may come, and time may go, I know

If you should call out for me, I ll go

But you know, there is a code to be broken

I wrap it around

Without a word being spoken

Without a sound

.

Dm7.....Em7

There s a reason I hide my heart

.

F.....Em7

Out of sight out of mind

.

Dm7.....Em7

And when I find out just who you are

F.....Gsus4  
The door will be open for you to

G  
Find a way to my heart...

Like China  
Main groove:  
C G7 | F C | C G7 | F G

My mom and daddy both say  
I must be crazy to be this infatuated  
But I know you know  
We got something special never felt before  
You get me going just looking at you  
And the feeling s not hard to recognise so  
Alright I ll come out in the open with it  
Will you walk out with me.

Dm.....Am  
Cos you re the first girl I ve ever loved

Em.....F  
Tell me do you feel the same way

Am.....Em.....F  
Well I ll show you I m not like all the rest

Bb.....Am  
Cos I know who I am

Am  
Your skin is smooth as silk

.....G  
and your eyes like stars

Am.....Em  
You re just like a picture book standing there

.....Am  
But I can t go on No, I can t go on

.....G.....F  
thinking you don t feel the same way that I do

Am.....G.....Am  
I ll be so careful I ll hold you like china

.....G.....Am  
I ll promise not to hurt you I ll hold you like china

.....G.....Am  
You won t feel nothing, I ll hold you like china

G.....D.....G  
Cos I know it s your first time  
Your mum and dad don t like me  
And they tell me every time I call around to see you  
I don t know why  
Cos I always straighten my tie and comb my hair  
I know your brother thinks that  
I m a limp wristed wimp from the other side of town  
I know he s got me wrong  
Because I m really not like that, I ll tell you why  
You re the first girl I ve ever loved  
Tell me do you feel the same way  
Well I ll show you I m not like all the rest  
Cos I know who I am  
I remember the very first time I held your hand  
And that was the last time you were so close to me  
But I can t go on  
No, I can t go on thinking you don t feel the same way as I do  
I ll be so careful I ll hold you like china  
I ll promise not to hurt you I ll hold you like china  
You won t feel nothing, I ll hold you like china  
Cos I know it s your first time

C..G7..F.....C.....G7  
I know you know and now I want to,

..F.....G  
I want to tell everybody

C..G7..F.....C.....G7.....F...G  
I know you know and now I want them all to see...
