INTRO: **Am7 D G Em Am7** (repeat)

```
            D
You keep closing your eyes
 G
Trying to ignore it
D               G
Hoping itâ€™ll disappear
D                   G
Face to face with your own Goliath
    D                       G
At least thatâ€™s how it looks from here
Am7
All the stones you can throw
                  D
Wonâ€™t scare it away

      D
And pacing back and forth
  G
Trying to think of something
    D               G
To get you to the other side
      D
The path of your fear
        G
Runs in all directions
            D                   G
When youâ€™re looking for a place to hide
Am7                             D
But you know the one youâ€™ve gotta take
```

Chorus
```
Am7         D           G       Em
Thereâ€™s no way around a river, baby
Am7     D       G
Wade on in the deep
Am7             D       G       Em
And when you canâ€™t go any further
A
Hold on to me
G                   D
And if it pulls you under
```

G
I’ll be there too
Am7   **D**   **G**   **Dsus4**
There’s no way around a river, baby
                    D   **Am7 D G   Em Am7**
It’s just something you’ve gotta go through

          D
The troubles you face
      G
The wounds you’re protecting
      D   **G**
The sins that you wrestle with
   D   **G**
We all have our share we’d like to get over
 D   **G**
Sometimes there’s just no bridge
Am7   **D**
And the very thing that makes us afraid
Am7   **D**
Is just what we need to wash it away

Chorus
Am7   **D**   **G**   **Em**
There’s no way around a river, baby
Am7   **D**   **G**
Wade on in the deep
Am7   **D**   **G**   **Em**
And when you can’t go any further
A
Hold on to me
G   **D**
And if it pulls you under
G
I’ll be there too
Am7   **D**   **G**   **Dsus4**
There’s no way around a river, baby
                    D   **Am7 D G   Em**
It’s just something you’ve gotta go through

            Am7   **D**   **G**
That’s the way it is
          A   **D**   **G**
So just wade on in
      G   **Dsus4   D**
I’ll see you on the other side

Am7   D   G

No way around it

```
Am7   D   G

                    Am7        D        G
No way around a river, baby
             A
Wade on in, wade on in

G                        D
And if it pulls you under
G
I'll be there too
Am7          D              G        Dsus4
There's no way around a river, baby

            D
It's just something you've gotta go through

Am7  D  G  Em  Am7
              Am7    D  G  Em  G
Oh yes it is, yes it is
    Am7        D            G
Oh, no way around it
        Em          Am7
No way around a river, baby
            Am7   D   Em   Am7
Wade on in, wade on in – yeah

END
```
