

**Divine Sailing Time Hymn**

**Phil Wickham**

Hey Y all this is my first Tab. Really love what Phil Whikham does in this mashup of his songs, especially Acoustically. There are a TON of alternatre chords that are used throughout the songs, I could only pick out the basic proression, and some other chords i THINK are being, denoted by parenthesis. The song appears to become more complex as it builds across the track.

Song is from the album
