

Hold On

Phil Wickham

Hold on Phil Wickham

Capo 4

Verse:

There is a battle in the distance
I see it flashing in the sky
It s gonna be a long, long night
All that was holding you together
Is crumbling apart
And left you with an aching heart
Take my hand, here I am

Chorus:

Love is gonna make it right
Just hold on, just hold on
There s mercy in the morning light
When you re weak love is strong
Hold on

There is a river in the desert
I feel the winds about to change
And you won t ever be the same
I m gonna carry you through fire
I m gonna hold you in the rain
You don t have to be afraid
Take my hand
Here I am

Chorus

Bridge:

Everybody lift your eyes
Morning light has finally come
