

Her Own World

Philip Drake

Em, C, G, D its these 4 chords. you can figure em out. basically just play that and sing.

standard tunning basically.

Now its time to break away,
break away, break away,
you know it never falls away,
not today, so you,

fall down trying to get up,
to get up, and you,
break down and its over now,
its over no-o-o-ow,

Now its all coming back,
coming back, coming back,
and now you know where you belong,
you belong, so you,

fall down trying to get up,
to get up, and you,
break down and its over now,
its over no-o-o-ow,

fall down trying to get up,
to get up, and you,
break down and its over now,
its over no-o-o-ow,
