Song: Hazel

Performed by: Phillip Phillips

Album: The World From The Side of the Moon

Tabbed by: Tessa Kelly

~Hey guys! So, this is my first time doing this, and since I noticed that there was only

one other tab for this wonderful song, I decided to break it down into simple chords

for anyone who just wants to learn it quickly.

I believe that these are the correct chords, but if you disagree, leave me a comment

telling me what you think is more accurate so that I can fix it!

*[strum once]

[intro]

E F#m A A E F#m A*

[versel]

E F#m A
You broke my heart and picked the pieces
E
Threw them in the fire to burn
F#m A
Left me cold out in the rain
E F#m A
But now I m moving on without you baby
E
Without you by my side
F#m A*
I m finally feeling free

[chorus]

A E
But I know that
D
The sun will shine for me
A E D
Even when the skies are grey
A E D
And I feel like I m missing something
A E D D
But the bridges build their own way

E F#m A A E F#m A A

[verse 2]

E **F#m** **A**
I know you've moved on without me girl
E
But I still think
F#m **A**
How the time, it moves so fast
E **F#m** **A**
I still think of how the world
E
It goes around and round and round
F#m
But it all stopped when you said
A
Not for now, Oooooohhhhhh

[chorus]

A **E**
But I know that
D
The sun will shine for me
A **E** **D**
Even when the skies are grey
A **E** **D**
And I feel like I'm missing something
A **E** **D** **D**
But the bridges build their own way

A **E**
Like the ocean washes
D
The sand to the shore
A **A** **D**
You're like the sun that slips away
A **E** **D**
Lips that taste of an angel
A
And eyes that bring me to my knees
E **D** **D**
And a smile that could set me free
A **E** **D**
Just follow me
A **E** **D**
Just follow me
A **E** **D**
Just follow me, yeah, oohhhhh

[outro]

A E D

~So, like I said, I'm pretty sure that those chords are accurate as they come, but if

you d beg to differ, go ahead and leave a comment correcting me! If I think your correction sounds better, I ll add it in.
