

Restoration

Phillips, Craig & Dean

INTRO: C# C#/B C#/A# C#/G#

C# C#/B
Looking at this falling race, standing in the light of grace,
C#/A# C#/G#
We can see the shadow of the past.

C# C#/B
Building our security, true love s it s identity,
C#/A# C#/G#
There s still time for us to get it back.

C# B F# C#
Hey now, hey now now now now now. Take some time for self-examination.

C# B F# C#
Hey now, hey now now now now now. We need to be baptized in salvation.

C# B F# C#
Hey now, hey now now now now now. What we need is restoration.

C# B F# C#
Hey now, hey now now now now now. What we really need is restoration.

C# C#/B
Twisted in this awful mess, swimming in our own success,
C#/A# C#/G#
Watching as the truth just fades away.

C# C#/B
It s time to put our faith to test, let our souls be undressed,
C#/A# C#/G#
Show the world we mean what we say.

C# B F# C#
Hey now, hey now now now now now. What we really need is restoration.

C# B F# C#
Hey now, hey now now now now now. What we really need is restoration.

C# B F# C#
Hey now, hey now now now now now. What we need is restoration.

C# B F# C#
Hey now, hey now now now now now. What we really need is restoration.

C# C#/B
Staring somewhere into open space, hoping to find some saving grace
C#/A# C#/G#
I felt the tug within my heart.

C# C#/B
You wrote the song for Your heart, Your light illuminates the dark
C#/A# C#/G#
And makes my voice cry out loud.
