G **D**
All these worlds rolled into one
Em /**D** **C**
Together we revolve around the sun
Bm **C** **D**
And if you get the chance watch the young children dance
Am **C** **D**
In a little while, you will see them smile.

G **D**
Truth may dazzle gradually
Em /**D** **C**
It all comes out in the wash eventually
Bm **C** **D**
Try to catch a glean, if you know what I mean.
Am **C** **D**
You may even see the cogs in the machine

C **G/B** **D**
Reconvene, reconnect
Raise a glass to the Architect
Cause it turned out better
So much better

Em
Than we ever did expect

/A /B /C /D /E /G **G**
/D /E /F /G /F /D **Em**
/E /D /C /D /E /G **G** **G**

G **D**
Find your treasures where you will,
Em /**D** **C**
Don't you stop until you've had your fill
Bm **C** **D**
Wherever you may go, look around, take it slow
Am **C** **D**
There might be more to this than we all know

G **D**
And if we have the chance to see the rough draft,
Em /**D** **C**
I bet the early plans would make us laugh
Em **C** **D**
And it never seems to help when we try to intervene
Am **C** **D**
Some things are better left unseen

C **G/B** **D**
Reconvene, reconnect
Raise a glass to the Architect
Cause it turned out better
So much better

Em
Than we ever did expect

/A /B /C /D /E /G **D** **D**

C **G/B** **D**
Reconvene, reconnect
Raise a glass to the Architect
Cause it turned out better
So much better
Reconvene, reconnect
Raise a glass to the Architect
Raise a glass to the Architect
Raise a glass to the Architect
