Title: Cities
 Artist: Phish
 originally written by the Talking Heads

Here is how Phish plays Cities on their new CD, Slip Stitch and Pass,
 and in in concert. This is the guitar part only. The pianist plays chords.

intro-hit the D chord, with wah (used in the whole song)
 after you hit the D mute the strings and keep the beat. This goes throughout
 the whole verse.

Verse:

Think of London
 D
 Small City
 D
 Dark,
 D
 Dark in the daytime.
 D
 People sleep
 D
 sleep in the daytime.
 D
 If they want to,
 D
 If they want to.
 D
 I m checkin em out
 Df
 I m checkin em out
 Df
 I got it figured out
 D
 I got it figured out there s some
 D
 some good points,
 G F F#

NOTE: Df means D FLAT

some bad points

G **F** **F#**

but it all works out.

F **F**

I m just a little freaked out

F **F**

Chorus:

Find your city

F#

find yourself a city to live in.

E

B

I will

find a city,

F#

Find yourself a city to live in.

E

B

Verse:

Alot of bridges in

Birmingham

A lot of ghosts

In a lot of houses

Look over there

Dry Ice factory

good place to get some thinking done.

I m checkin em out

I m checkin em out

I got it figured out

Im the one that got it figured out

there s some

Some good points

some bad points.

and then the Chorus again, followed by an instrumental break.

This is a great time for some doodling on the B major scale.

After this another verse:

Did I forget to mention

Forget to mention Memphis?

Home of Elvis and the

Ancient Greeks

Do I smell?

I smell home cookin

It s only the river

It s only the river

I m checkin em out

I m checkin em out

I got it figured out

I got it figured out

there s some
some good points
some bad points
are those things real?
goodnight (what does he really say here?)

The song ends with the chorus, which goes around FOUR times instead of 2.
After that a short jam is carried out and finishes the song.
