Silent in the Morning
by Phish
Album: Rift

Transcribed by Eli (Spiny@AOL.com).

The intro and outro are some riff in G that I can t quite get. Someone help,
please.

G
My glance is always darting, when I stroll the avenue
G
Avoiding all the obstacles that terrorize my view
C **G**
If you are here with me, I trust you to lead the way
D **C** **G**
When you re not I follow you, and always go astray
G
You re silent in the morning, suspended in the trees
G
Lunch time comes you ve found your voice, it brings me to my knees
C **G**
The volume just increases, the resounding echoes grow
D **C** **G**
Till once again I bask in morning stillness, I love so
G
The target that I shoot for seems to move with every breath
G
I tighten all my arteries and make one last request
C **G**
Divine creation hears me, and he squashes me with fear
D **C** **G**
I think that this exact thing happened to me, just last year

Chorus:

G **Am**
Silent in the morning
C **D**
You found your voice that brings me to
G **Am**
Silent in the morning
C **D**

You found your voice that brings me to

G **Am**

Silent in the morning

C **D** **G C G C**

You found your voice that brings me to my knees

G **Am** **C** **D**

I will not dismiss you, shelter you, speak with you

G **Am** **C** **D**

Smile at you, trust in me, laugh and brush you off, and I d agree
