i just wrote down the chord changes to simple. we all know the riff, but with another guitar or a piano- and especially when singing- it helps to have the chord changes:

F	Fmaj7	Bb
We ve got it simple	Cause we ve got a band	
Bb	C	F
And we ve got cymbals in the band		

We ve got it simple Cause we ve got a band
And we ve got cymbals in the band

Dm	Bb	F	Fm	Gm7	C	Bb(3.5bars)-> C(.5bars)
straight F major sale						

i copied the lyrics from Emil s page
