   Everybody looks for a truth
   Although some don t have wisdom
   But few get to find it out
   Or really to visualize it.
   A#
   In spite of it s being pure
   And glassy as a soul of a child
C#
             A#
   I met the half truth, thinks another
C#
             A#
   It s half truth to the universe,
   It s half truth to the universe.
   The world s full of individual half truth
   But it has one whole truth
   We will be just nothing without it
   And we do not object to that.
       A#
   The fishes have their truth
   The men have their truth too.
