

Ride On Right On
Phosphorescent

Artist: Phosphorescent
Song: Ride On / Right On
Album: Muchacho
Tabbed by: Aukes57

Pretty straight forward. Just the chords that match the bass stabs in the song,
which is
how I like to play it. Enjoy!

Verse 1

It s going right, I hate you took me right on
It s getting me by, I hate you took me right on
And never the heart, I hate you took me right on
The city in light, I hate you took me right on

Verse 2

The kids in the park, I hate you took me right on
The city of dark, I hate you took me right on
It grows in the back, I hate you took me right on
And nothing would last, I hate you took me right on

This is not my heart, I hate you took me right on
You sit at the bar, I hate you took me right on
We lay in the dark, I hate you took me right on
We wait for the core, I hate you took me right on
