I had a little cheeseburger, he was my only fiend.
C **F** **G** **C**
I took him to the picture house and loved him to the end.
C **G** **F** **C**
I had a Venus-fly-trap on my windowsill
C **F** **G** **C**
and he ate all the flies that came in my room.

Chorus:

C **F** **G** **C**
Please don t tread on my cheeseburger;
C **F** **G** **C**
he s my only friend in the whole vide world.
C **F** **G** **C**
Please don t tread on my cheeseburger
C **F** **G** **C**
or I d have to cut your head off with a blunt chainsaw.

I had a little doughnut, I ate him for my tea.
I put him in the microwave and burnt my mouth on the jam.
I stole a child s accordion and used it to do this
But then my father broke it and it damaged all his face.

Chorus:

Please don t tread on my cheeseburger;
he s my only friend in the whole vide world.
Please don t tread on my cheeseburger
or I d have to wipe the remnants of the ketchup on your face.

Please don t tread on my Venus-fly-trap;
he s my only friend in the whole vide world.
He was little and green and he kept me safe from flies
until I forgot to water him and he died, which was very, very sad.

Chorus:

Please don t tread on my cheeseburger;
he s my only friend in the whole vide world.
How would you like it if I stole your television
and I gave it to a dummkopf in exchange for magic beans.
Please don t tread on my cheeseburger;

He s my only friend in the whole vide world.
Please don t tread on my cheeseburger;
ha ha ha ha ha ha ha ha ha ha ha ha ha ha ha.
etc.
