E / G#m7 / F#7add4 / A

C#m E / A

I walk through fields that haunt my dreams, this time I fear it s broken me,
C#m E / A

I tasted you so brief yet sweet, the morning comes it s choking me,
C#m E / A

It s the way you always left me coming down,
C#m E / A

In a sea of painted whispers did I drown.
C#m E / A

And I m so tired, and I m so wired,
E / G#m7

It s not enough to pray for Mercy I ve tried,
F#7add4 / A

And I m so tired, and I m so wired,

E / G#m7

It s not enough to pray for Mercy I ve tried...

F#7add4 / A

C#m E / A / C#m E / A

I battle through these thunderclouds to find my way to fields of gold,

C#m E / A

Somehow I always see your face,

C#m E / A

Things aren t always what they seem, pretenders all just falling at your feet,

C#m E / A

/ C#m

C mon love, I reached the tree now let me see,
