**Cm** **A#** **Am**  
All that I have left to say

**Cm** **A#** **Am**  
All that has been hid  
**Em** **C** **Dm**

By the trees of our love  
**Cm** **A#** **Am**  
Behind the trees of our love

**C** **Em** **Am**  
I could have waited all the day all along

**C** **Em** **C**  
I did not see the point to stay and wait for a ghost

**C** **Em** **Am**  
I would be so shivering that my knees would all break up

**C** **Em** **Am**  
And then the rain would just start fullfilling my lungs

**Cm** **A#** **Am**  
Let me speak from my grave

**Cm** **A#** **Am**  
Do you hear the fingers knocking  
**Em** **C** **Dm**

A lugubre prayer from the dead

**Cm** **A#** **Am**  
Crawling onto our heads

**C** **Em** **Am**  
But let me tell you that there is something that is on my mind

**C** **Em** **Am**  
And that I can t get rid of it, oh just like that.

**C** **Em** **Am**  
I m not looking for an answer nor even a sign

**C** **Em** **Am**  
I just want you to nod your head and accept the fact...

**C6** **Em7** **Am**  
[That oh, you are, the one...  
That oh, you are, the one] x2
