

Rings
Pinegrove

[Verse 1]

Em **D** **G** **C**
I draw a line in my life
 Em **D** **G** **C**
Singing this is the new way I behave now
 Em **D** **G** **C**
And actually live by the shape of that sound
Em **D** **G** **C**
Circle in the back of my throat
Em **D** **G**
Spinning in my head and on my pillow
Em **D** **G** **C**
Telling you things you don t need to know
Em **D** **G** **C**
Letting you know I trust you so much
Em **D** **G** **C**
Then I m looking at you through the lights
Em **D** **G** **C**
A circle blinking in the tungsten
Em **D** **G** **C**
Wondering how I seem to you
 Em **D** **G** **C**
Forgetting the words I m singing for you

[Chorus]

Em **D** **G** **C**
Am I forgetting how it felt?
Em **G** **D** **C**
You were sleeping with your rings on (rings on)
Em **D** **G** **C**
Cardinal wings in the early morning
Em **D** **G** **C**
Waking up to a metaphor forming

[Instrumental Break]

Em D G D G
Em D G

Em **D** **G** **C**
I draw a line in my skin
Em **D** **G** **C**
I m pinning down inchoate meaning
Em **D** **G** **C**
Mark me right below the ampersand
Em **D** **G** **C**
Perforate line dry summer on my own land

Em **D** **G** **C**

Then it circulates around town

Em **D** **G** **C**

Do I double down because I m stubborn?

Em **D** **G** **C**

The needle on the phonographic sound

Em **D** **G** **C**

You re digging it up as soon as it s drawn down

[Chorus]

Em **D** **G** **C**

Am I forgetting how it felt?

Em **D** **G** **C**

If you sing along do I remember?

Em **D** **G** **C**

Mark this feeling in the simplest shape

Em **D** **G** **C**

Let me finally let it fall away
